

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

REPORT
—OF THE—
Comptroller of the Treasury
—OF THE—
STATE OF MARYLAND

TREASURY DEPARTMENT,
COMPTROLLER'S OFFICE,
ANNAPOLIS, January 7, 1903.

*To His Excellency,
John Walter Smith,
Governor of Maryland:*

It becomes my duty and pleasure, in obedience to the provisions of Section 9 of Article 19 of the Code of Public General Laws, to submit to Your Excellency my annual report for the fiscal year ended September 30, 1902.

RECEIPTS.

The amount received into the Treasury proper, from all sources during the fiscal year, was \$3,631,259.48, as will be seen by reference to statement "A." This, together with the amount of \$972,412.91 in the Treasury proper September 30, 1901, and \$9,853.73 to the credit of the Fund's account, as will be seen in statement "F," will make the total \$4,613,526.12, including such balance.

While said statement "A" shows the actual receipts during the year to be \$3,631,259.48, there should be deducted from this amount, in order to ascertain the ordinary revenue of the State, the sum of \$400,000, on account of the "State Loan of 1902," since bonds for this loan were issued to this extent, and the moneys arising from such sale, although taken by the State, came into the Treasury. It may be proper to add just here, that the last Legislature, by Chapter 200, authorized a new State Bond issue of

\$600,000, to be known as the "State Loan of 1902," for the purpose of erecting new State buildings and the completion of others, viz.:

State House Annex.....	\$ 250,000
Heating Plant at Annapolis.....	140,000
Completion of Fifth Regiment Armory.....	120,000
House of Correction Annex.....	90,000

Acting under the authority and by virtue of the discretion conferred in said statute, only \$400,000 of the loan was issued, viz.:

State House Annex.....	\$ 150,000
Heating Plant at Annapolis.....	140,000
Completion of Fifth Regiment Armory.....	60,000
House of Correction Annex.....	50,000

It being deemed unwise to issue a greater sum than the necessities of such work demanded, the whole of this issue was taken by the State for its Sinking Funds, as will be more fully explained later, with the intention in the future of taking the remainder of the issue whenever the same may be needed.

It is also proper to state here, that there was received into the Treasury from the Northern Central Railway Company the sum of \$202,500, or nine quarterly instalments of \$22,500 each, which the company had declined to pay since April 27, 1900. Of this amount, \$90,000 belonged to the last fiscal year and \$112,500 was for payments due in former years. Such payment was the result of a decision by the Supreme Court of the United States, adversely to the railway company, thus fully guaranteeing to the State its most valuable asset. A brief resume of this case will be interesting, and to which I invited your attention in my former report, and think it proper to do so again:

"Under the act of 1854, Chap. 260, an agreement was entered into between the State of Maryland and the said Railway Company, wherein it was stipulated that the Company should pay to the State an annuity of \$90,000, being at the rate of 6 per cent. on \$1,500,000, the amount due the State, said Company executing a mortgage to cover such annuity, with the privilege of extinguishment within ten years from the date thereof. The said Railway Company had promptly paid to the State each quarterly installment due thereunder up to and including the one due April 27,

1900. At that time the Company tendered payment to the State of the \$1,500,000. The Treasury officials believing such tender, if made at all, should have been made within the ten years prescribed in said agreement, refused to accept the same, whereupon the Northern Central Railway Company entered suit to compel the State to accept the tender offered as extinguishment of the debt. The contention of the said Railway Company was denied by the lower court, from which decision an appeal was entered by the Company to the Court of Appeals," which court affirmed the decision of the lower court. Upon an appeal to the Supreme Court of the United States, the case was finally decided by said tribunal in favor of the State.

The State was represented in this case through its entire course by the Hon. Isidor Rayner, Attorney-General, to whose legal ability the success of the State was largely due.

It is but proper to mention here, that said statement "A" does not show any item from the tax on Baltimore City stock. A sum very much less than previous years was forwarded by the City Register for the year 1902, which I did not feel justified in accepting as a proper payment. After consulting with the Attorney-General in relation to the matter, I accepted the same as so much on account of the tax for the year, and suit, which is now pending, has been brought to recover the balance. The sum tendered was received on October 1, and, therefore, is not shown in this fiscal year.

DISBURSEMENTS.

In statement "B" you will find in detail the character of disbursements and the Acts of Assembly authorizing the same, aggregating \$3,416,376.71, or a sum of \$295,750.34 in excess of that of the year previous, which was occasioned largely by increased payments to Manual Training Schools, the appropriation to the Charleston and Pan-American Exposition, and the necessary expenses incidental to a legislative year, leaving the large balance in the Treasury of \$1,187,295.68. From this sum there must be deducted the sum of \$556,453.76, in order to ascertain the normal balance in the Treasury of \$630,841.92.

The Legislature of Maryland, at its session in 1900, Chapter 607, and again at its session in 1902, Chapter 200, as heretofore mentioned, made two bond issues, viz.: "State Building and Im-

provement Loan" and "State Loan of 1902." The moneys arising from the sale of these bonds were covered into the Treasury, being specifically dedicated to the purposes for which they were issued. Of the original issue of \$500,000 for the "State Building and Improvement Loan," there remained at the close of the fiscal year to the credit of the "State Building at Annapolis," which is now nearing completion, the sum of \$162,456.20. The credit to the two bond issues, as of September 30, 1902, is as follows:

"State Building and Improvement Loan."

State Building at Annapolis.....\$162,456.20

"State Loan of 1902."

State House Annex.....149,970.00

Heating Plant at Annapolis.....134,027.56

Completion of Fifth Regiment Armory.....60,000.00

House of Correction Annex.....50,000.00

Total\$556,453.76

These funds have been largely drawn upon since the close of the fiscal year, and will continue to be, as the work upon the various buildings progresses.

Inasmuch as the State in the past few years has expended large sums of money upon its institutions, the following table, showing such institutions with amounts received by each since 1896, aggregating \$3,000,000, may be worthy of perusal.

LOANS.	Maryland Penitentiary.	Springfield State Hospital.	Annexes to House of Correction.	Fifth Regiment Armory.	Heating Plant At Annapolis.	State Building At Annapolis.	Annex to State House.
Penitentiary Loan	\$500,000

TOTALS.....	\$1,250,000	\$480,000	\$170,000	\$420,000	\$140,000	\$290,000	\$250,000

FREE SCHOOL FUNDS.

In statement "E" will be found exhibited in full the receipts and disbursements of this fund. The total receipts during the year, including the balance brought down from the year previous, are \$82,002.60, while the disbursements during the same period were \$72,148.87, leaving a balance to the credit of this fund of \$9,853.73, being a slight increase over that of last year.

SINKING FUNDS.

By reference to statement "E," the several transactions of these funds will be clearly shown in detail. The receipts during the year, including the balances brought down from the year previous, aggregate \$576,597.17, all of which was invested not later than July 1, 1902, even to the increment accruing to these several funds on that day. On that day there was issued, of even date therewith, \$400,000 of the \$600,000 "State Loan of 1902," herein before mentioned, the total amount of which was immediately placed in the Sinking Funds, viz.:

SINKING FUNDS.	STATE LOAN OF 1902.
Consolidated Loan of 1899.....	\$264,000
General Sinking Fund.....	35,000
Penitentiary Loan.....	70,000
Insane Asylum Loan.....	11,000
State Building and Improvement Loan.....	20,000
Total.....	\$400,000

In addition to the above, there was also purchased for these funds during the year the following bonds:

\$ 17,000 Cumberland City 6's, costing.....	\$19,819.17
40,000 Annapolis City 4's, costing.....	43,278.00
100,000 Baltimore City 3½'s, 1940, costing.....	113,500.00

The entire amount accruing to these funds during the year has been invested, as shown above, so that at the close of the fiscal year there was nothing carried down as a cash balance.

The remainder of the "State Loan of 1902," viz., \$200,000, will no doubt be taken by the State whenever the Treasury officials may deem it advisable to issue the same.

In statement "F" you will find exhibited a statement of stocks held for the use of the School Fund and Agricultural College, as well as all holdings to the credit of the various Sinking Funds, the latter amounting to \$1,974,587.00, \$1,686,587.00 of which is in bonds of the State.

OYSTER FUND.

The exhibit shown of this fund in statement "H" is very gratifying. The balance to its credit September 30, 1901, was \$20,471.49, which added to the receipts for the year, amounting to \$73,359.02, aggregates \$93,830.51. After deducting the disbursements for the year of \$56,010.09, there remained a balance of \$37,820.42, a much larger amount than for many years past.

ASSETS.

Statement "I" will give you an itemized exhibit of the State's capital and credits as of September 30, 1902, showing little change from that of the year previous.

STATE DEBT.

The funded and net debt of the State is fully shown in statement "J." The gross debt of the State has been increased during the fiscal year \$400,000 by the issue of the loan authorized by Chapter 200 of the Act of 1902, known as the "State Loan of 1902," already referred to, yet, by reason of the investments for the Sinking Funds, the net debt for the same period has increased only \$134,924.84, which at the close of the fiscal year amounted to \$2,797,269.13, as against \$2,662,344.29 for the year previous.

The decision of the Supreme Court of the United States in what may be known as the annuity case of the Northern Central Railway Company against the State of Maryland, already alluded to in these remarks, definitely secures to the State this very valuable asset, and while the same is carried at its face value in this statement, as is also the stock of the Washington Branch of the Baltimore and Ohio Railroad Company, the former being \$1,500,000, and the latter \$550,000, the actual value of these securities, as is well known, is far in excess of those amounts.

ASSESSMENT AND LEVY OF 1902.

A perusal of statement "K" will demonstrate a healthy increase in the assessable value of the State, the same having increased during the year \$23,045,395, \$17,543,629 in the City of Baltimore, and \$5,501,766 in the various counties, the total assessed value for State Levy. being \$666,857,803.

PUBLIC SCHOOL TAX.

Statement "L" shows the receipts and disbursements on account of this tax during the fiscal year. The receipts during the year were \$721,447.93, which added to the balance on hand October 1, 1901, of \$356,814.63, aggregate \$1,078,262.56.

There was disbursed during the same period \$747,553.77, leaving as a balance on hand October 1, 1902, \$330,708.79.

The apportionment of this tax is made by the Comptroller quarterly, viz., October 1, January 1, March 15 and June 15, as prescribed by Section 103 of Article 77 of the Code of Public General Laws. Sections 98 and 102 of said Article prescribes the manner of such apportionment. The same construction has been placed upon such statute by every Comptroller since 1872, the time of the enactment of the law, and every apportionment for thirty years has been made according to such construction. During the year a writ of mandamus was issued against the Comptroller, in the Circuit Court for Anne Arundel County, directing a different mode of apportionment.

The result was a dismissal of the writ by a unanimous court.

FREE SCHOOL BOOKS.

In statement "M" is shown the receipts and disbursements on account of this fund, together with a summary showing a deficit of \$190,300.55 to the Treasury since 1896, at which time the fund was established.

STATE TOBACCO INSPECTIONS.

In table No. 7 is shown the operations of the State Tobacco Warehouses. The gross receipts during the year were \$56,231.77, disbursements during the same period \$55,199.34, leaving as net revenue \$1,032.43.

MISCELLANEOUS.

The other tables and statements in this report, to which your attention has not been specially directed, are each worthy of your careful attention and I feel sure your known devotion to the best interests of the State will invite a willing perusal of the same.

CONCLUSION.

In concluding my remarks permit me to call your attention to a decision of the Supreme Court of the United States in favor of the State, in the case of the Northern Central Railway Company against the State of Maryland, which, in its effect is of great importance to the State, and while said decision was handed down since the close of the fiscal year, it is properly mentioned here since said company, on December 11, 1902, paid in full all taxes including penalty and interest, upon its gross receipts within the State of Maryland from the year 1896 to 1902, inclusive, amounting to \$225,017.92.

The important question presented in this case was, whether the provision in Chapter 16 of the Acts of 1880, whereby the said Northern Central Railway Company was liable for an annual tax of one half of one per centum upon its gross receipts within the State of Maryland, was subject to repeal by any subsequent Legislature, and if so, whether or not in fact the said act was not repealed by Chapter 559 of the Acts of 1890, which imposed an annual tax of one per centum on the gross receipts of all railroads within the State of Maryland operated by steam.

It was contended by the Railway Company that the said Act of 1880 being "An act to adjust and settle finally by agreement all pending controversies between the State of Maryland and the Northern Central Railway Company," was a valid contract, and as such under the Constitution of the United States, which prohibits a State from making any law impairing the obligation of a contract, could not be put an end to or impaired by an act of the Legislature of Maryland without the consent of the company.

It was contended by the State that the Act of 1880, Chapter 16, did not constitute a contract between the said railway company and the State which was beyond the power of any subsequent Legislature to repeal or impair, because the provision in the Con-

stitution of 1850, antedating the charter of the company (ch. 250 of 1854) provides, that all charters granted by the State may be altered or repealed, a most wise provision and one incorporated in every constitution since that time, therefore the said Railway Company in accepting the consolidation of certain railroads under ch. 250 of the Act of 1854 was presumed to know that the immunity from taxation was liable to repeal by future Legislatures.

It was further contended by the State that the Act of 1890, imposing a tax of one per centum on the gross receipts of all railroad companies, whose roads are worked by steam, incorporated by and doing business within the State, repealing all acts in conflict therewith, repealed by necessary implication Chapter 16 of the Act of 1880.

The contention of the State was thoroughly established by the decision of the Court of Appeals of Maryland and afterwards sustained by a decision of the Supreme Court of the United States. Justice White in delivering the opinion of the latter court, said that "where a legislature is inhibited by the constitution from making an irrepealable charter it cannot create a new contract and bring into being a new corporation, and yet by the charter of such corporation give rise to the irrepealable contract which the constitution absolutely prohibits."

By reason of the great importance and value to the State of this decision a brief history of the case may be given.

In 1827 a charter was granted to the Baltimore and Susquehanna Railroad Company by chapter 72 of the Act of 1827, one of the chief provisions being, immunity from taxation. In 1854, by chapter 250 of the act of the same year, the stockholders of the Baltimore and Susquehanna Railroad Company were authorized to consolidate with the York and Maryland Line Railroad Company, the York and Cumberland Railroad Company and the Susquehanna Company, forming one corporation by the name of the Northern Central Railway Company, in which consolidation was transferred among other things to the new company, the property, rights, privileges and immunities belonging to the several old companies. This exemption from taxation under the Act of 1854 was enjoyed by the said company until the year 1866, when the General Assembly passed a general assessment law, chapter 157, providing of course for the assessment of all property, in which, however,

was a provision repealing in general terms all laws exempting property from taxation. A more specific act, however, was passed in 1870, ch. 362, repealing "every provision contained in the charter or supplements thereto, of every railroad company incorporated by the laws of this State or contained in any law heretofore passed by the Legislature of the State whereby the stock or property, real or personal, of any railroad company * * * is exempted from taxation." Two years later, the Legislature, by chapter 234 of the Act of 1872, imposed its first gross receipt tax upon steam railroads, viz one-half of one per centum annually.

The records of this office show that under this statute, the tax of one half of one per centum on the gross receipts of said company was levied from April 1 to December 31, 1872, amounting to \$3,082.37½, and for each year thereafter up to and including the year 1879, the total tax for the eight years aggregating \$29,762.54. This tax the said Railway Company refused to pay, and upon suit being brought by the State, a judgment was recovered in favor of the company, from which judgment an appeal was taken by the State to the Court of Appeals, with the result of a reversal of the judgment of the lower court by said Appellate Court, thus holding the company liable for said tax.

Shortly afterwards the Legislature of 1880 convened, and passed the Act of that year, chapter 16, hereinbefore mentioned, in pursuance of which the said company paid to the State on April 13, the sum of \$29,762.54, being the tax in full from 1872 to 1879, both years inclusive.

The said railway company continued to pay regularly the tax of one half of one per centum as levied until the year 1890, when the Legislature of that year, by chapter 559, increased the annual rate of tax upon the gross receipts of steam railroad companies to one per centum. This increased tax the company paid under protest until the year 1896, when it refused to do so any longer. Hon. Robert P. Graham, Comptroller at that time, thereupon placed for suit, in the hands of Hon. George R. Gaither, attorney, the tax for that year, amounting to \$13,142.35.

The case was tried in the Superior Court of Baltimore city, a verdict being rendered in favor of the company. From this judgment the State took a successful appeal to the Court of Appeals, where the case was decided and remanded January 10, 1900. At

the retrial of the case, the State won, the company taking an appeal with the result of an affirmation of the judgment of the lower court by the Court of Appeals on December 7, 1900. From this judgment the company took an appeal to the Supreme Court of the United States, with the result as hereinbefore mentioned.

Throughout the entire course of this case the State has been ably represented by the Hon. George R. Gaither, formerly attorney-general of Maryland.

It is but proper to add, that by virtue of the above decision, the said company becomes liable to and has paid the increase tax under the provisions of chapter 120 of the Act of 1896, which recites: "Eight-tenths of one per cent. on the first one thousand dollars per mile of gross earnings, or on the total earnings if they are less than one thousand dollars per mile, and one and one-half per cent. on all gross earnings above one thousand dollars per mile and up to two thousand dollars per mile, and when the earnings exceed two thousand dollars per mile two per cent. on all earnings above that sum," under which law the tax due by the said Northern Central Railway Company amounted to \$30,763.37 for the year 1902, not including penalty or interest.

I have sought in the foregoing remarks to bring to your attention every matter of importance, covering the financial interests of the State, to which, it seemed, I should officially refer. You will share with me, I am sure, the satisfaction which the excellent showing of the report makes.

I wish again to acknowledge the valuable assistance I have received from the Hon. Murray Vandiver, State Treasurer, and the loyal and trustworthy service rendered by those who are employed in my office.

Respectfully submitted,

JOSHUA W. HERING,

Comptroller.
